

# Training Support Solutions Capability Statement

Advanced Technology Logistics, Inc. (ATL) is a premier 8(a), SDB and SDVOSB company located in Newnan, GA with satellite offices in Washington DC and Prince George, VA. ATL has significant, demonstrated capabilities that supports the very best training environment that meets and exceed wartime readiness. We will add value in the following areas: mobile training teams, well-trained, culturally astute role players, logistics support for weapon training, management supervisory teams that seamlessly augment the military training cadre, land management, including land management planning, sustainable training range management, encroachment analysis and mitigation, land capacity analysis, installation readiness and impact analysis and range O&M.
